Promoting Healthy Lifestyles

October 20, 2014

Dr. J.D. Kennedy
McKinney ISD
One Duval Street
McKinney TX 75069

Dear Dr. Kennedy:

Congratulations on Dowell Middle School being recognized as a Level 3 TAHPERD Exemplary School for 2014-16. We had 68 schools applying for recognition and 6 were selected to receive an award. This recognition is given to schools with quality health and physical education programs.

Awards recognizing the TAHPERD Exemplary Schools will be presented during the 2014 TAHPERD Convention in Galveston at the 1st General Session on Thursday, December 4, 3:45-5:00 pm. I am extending to you a complimentary registration to attend the convention and be recognized with your physical education teacher, Juli Krepps, and her principal, Alan Arbabi. Your registration packet will be at the Pre-Registration booth.

Please arrive for the 1st General Session at 3:30 pm and come to the front of the room. You will be seated in the front rows and when called, will come to the stage for the presentation of a banner reflecting the accomplishment of Dowell Middle School.

This recognition for your school is significant and reflects the excellent health and physical education program you provide for your students. Thank you for your leadership and dedication to quality physical education for your students.

Sincerely,

Diana Everett, PhD, CAE
Executive Director
